

# How Church Elm Lane Medical Practice uses your information to provide you with healthcare

**This practice keeps medical records confidential and complies with the General Data Protection Regulation.**

**We hold your medical record so that we can provide you with safe care and treatment.**

**We will also use your information so that this practice can check and review the quality of the care we provide. This helps us to improve our services to you.**

- We will share relevant information from your medical record with other health or social care staff or organisations when they provide you with care. For example, your GP will share information when they refer you to a specialist in a hospital. Or your GP will send details about your prescription to your chosen pharmacy.
- For more information on how we share your information with organisations who are directly involved in your care can be found here:  
<http://www.barkingdagenhamccg.nhs.uk/About-us/Our-partners/>
- The East London Health Partnership works with local councils, NHS trusts and Clinical Commissioning Groups including GP surgeries to plan and run health services in East London. For more information see their website:  
<https://www.eastlondonhcp.nhs.uk/ourplans/>  
For their privacy notices see link below:

**Population Health Management – National Programme-** see Appendix 1 for how your data is used.

- Healthcare staff working in A&E and out of hours care will also have access to your information. For example, it is important that staff who are treating you in an emergency know if you have any allergic reactions. This will involve the use of your Summary Care Record . For more information see:  
<https://digital.nhs.uk/summary-care-records> or alternatively speak to your practice.
- All GP practices are part of a federation that aims to provide the best possible care for their patients and supporting general practice. Church Elm Lane Medical Practice is part of the Barking and Dagenham Primary Care Alliance (BDPCA). We may share patient details with BDPCA for the purpose of providing care and screening services. Use link below for more information:  
<https://bdpca.com/about-us/>
- We use the Accurx software to communicate with patients by short text messages (SMS) and email for health information or invite for annual reviews or vaccination

and immunisations programs. Clinicians can also consult with patients using the video consultation option on the system. See link below for their privacy policies.  
<https://www accurx.com/privacy-policy>

- We use MJog text message service to communicate with patients about their appointments or health information such as about flu vaccine clinics, pandemic information. See below the link for MJog's privacy notice for more information.  
<https://www.livi.co.uk/legal/privacy-notice/>
- If you wish to opt out of receiving text messages please contact the surgery.
- General Practice Data for Planning and research. NHS Digital collects data from GP surgeries for the purpose of planning and research. Please see link below for their Transparency notice and more information.

- You have the right to object to information being shared for your own care. Please speak to the practice if you wish to object. You also have the right to have any mistakes or errors corrected.

## **Other important information about how your information is used to provide you with healthcare**

### **Registering for NHS care**

- All patients who receive NHS care are registered on a national database.
- This database holds your name, address, date of birth and NHS Number but it does not hold information about the care you receive.
- The database is held by NHS Digital, a national organisation which has legal responsibilities to collect NHS data.
- More information can be found at: <https://digital.nhs.uk/> or by calling the phone number for general enquires NHS Digital is 0300 303 5678. You can also email them on: [enquiries@nhsdigital.nhs.uk](mailto:enquiries@nhsdigital.nhs.uk)

## **Identifying patients who might be at risk of certain diseases**

- Your medical records will be searched by a computer program so that we can identify patients who might be at high risk from certain diseases such as heart disease or unplanned admissions to hospital.
- This means we can offer patients additional care or support as early as possible.
- This process will involve linking information from your GP record with information from other health or social care services you have used.
- Information which identifies you will only be seen by this practice.
- More information can be found at: <https://www.england.nhs.uk/> or <https://digital.nhs.uk/> or speak to the practice.

## **Safeguarding**

- Sometimes we need to share information so that other people, including healthcare staff, children or others with safeguarding needs, are protected from risk of harm.
- These circumstances are rare.
- We do not need your consent or agreement to do this.
- Please see our local policies for more information:
